Club&Activities

Student Union

2021/10 - 2022/08

Sports Department & Office Executive

Student Union

2022/08 - right now

Office Director

During the tenure as the Office Director, the following tasks were accomplished:

- Completed the meeting minutes and news release for the 2022 Student Representative Conference.
- Coordinated with the candidates for the Student Union recruitment to schedule interviews, consolidate interview materials, and host the interview process.
- Led a team of five to produce meeting minutes for the weekly department head meeting.
- Successfully organized the annual selection event for outstanding students, with a team of five and 16 faculty members as judges. Over 200 students and faculty participated in the voting process, and the related promotional article was read by over 4,000 people (ranking first in the college's semester reading list) with a total reading volume of over 13,000.

Skills&Hobbies

- **Skills** : Proficient in Python programming, completed elective courses in Introduction to Computing B and Data Structures and Algorithms B. Achieved first place (in a team of 2) in the final project of the Data Analysis and Computing course, and fourth place (in a team of 5) in the AI algorithm design project of the same course.
- **Language** : English (CET-4, CET-6, GRE 158+170).
- **Hobbies** : Hold the rank of 5th dan in Go and was a national-level athlete. Currently a member of the Go Association at Peking University and the Value Department of HFA Association.
